## SPORT SURFACES

### WARNING For Your Safety

We urge you to carefully read and consider the product safety warning section that follows. It is included to increase your awareness of the precautions that must be enforced in your gymnasium or sports facility to reduce the possibility of injury.

Any activity involving motion, height, speed, rotation, and/or physical contact creates the possibility of serious injury, including paralysis and even death from landing or falling on the neck, head, back or other parts of the body. This mat **DOES NOT** eliminate this hazard. Users assume a risk of serious injury in using this product. Users should strictly adhere to the following guidelines at all times:

1. Use this mat **ONLY** with proper training and under the supervision of a qualified instructor. Use of this mat without proper supervision, proper spotting equipment and/or trained spotters can be **DANGEROUS** and **SHOULD NOT** be undertaken or permitted.
2. Always allow enough space to properly and safely perform the chosen maneuvers.
3. Perform all maneuvers so as to avoid contact with instructors, bystanders, or other users, and to avoid going outside the perimeter of this mat.
4. Inspect the mat prior to use and after any use. Inspect for damage, defects or wear, including tears and flattening of the energy absorbing material. Damaged product should be repaired or replaced immediately. If in doubt, do not use this product.
5. Mats can move during use. Before each use, always check the mat for proper positioning and ensure mat is safely secured together. Read the owner manual before initial use.
6. Under no circumstances should this mat be used as a landing mat.
7. Know your own limitations and the limitations of this product. Follow progressive learning techniques and always consult an instructor.
8. Frequently clean mats according to the Dollamur MAINTENANCE WARNING guidelines on Page 3 of this Guide.

## FLEXI-Roll® Setup, Care and Maintenance

### MAINTENANCE WARNING

The carpet surface of the mat should be cleaned like normal carpet. Vacuum to remove all loose particles. Stains may be treated with a non-abrasive (no bleach) carpet cleaning solution. Spot test a cleaner on a small area before using it to remove a stain. Contact your Dollamur representative for additional cleaning and disinfecting methods.

### TEMPERATURE WARNING

Unlike conventional mats, the FLEXI-Roll® series requires a minimal temperature acclimatization period after transport or storage. Once the mat is shipped or taken out of storage, it is immediately ready for assembly in an open area. When fitting to a custom area, allow 2 hours for the mat to relax before cutting to size. The rolls should be used only after they have reached room temperature. Dollamur mats are recommended for indoor use only and exposure to direct sunlight could damage the mat and void the warranty..

### DAMAGE TO ROLLS

Due to the way the FLEXI-Roll® mat is stored, with the foam on the outside protecting the carpet, use care when transporting and storing the rolls. The mats should be stored away from any potential puncture risk and should be handled cautiously when transporting through doorways and around other obstacles. Mats should be stored upright on a smooth, flat surface. Should your rolls incur minor damage due to misuse or vandalism, contact your Dollamur representative for assistance.

## DOLLAMUR LIMITED WARRANTY

Dollamur sport mats have a five (5) year limited warranty for all vinyl mats and Swain mats, and a three (3) year warranty for carpet mats from date of purchase, against faulty manufacturing and defective materials under normal use and when subjected to fair treatment. Dollamur, at its sole discretion will repair or replace the defective product free of charge including freight charges. No warranty claims will be accepted by Dollamur without prior written consent from the Company through the Returns Authorization process. For all consumer direct products such as Home Mats, Wall Pads, Pole Pads and Landing Pads, Dollamur offers a one (1) year limited warranty from the date of purchase.

To be consistent for all customers, Dollamur will not deviate from these warranty guidelines or make exceptions. However, special consideration may be granted under extreme extenuating circumstances.

- **5-year limited warranty** for Swain Mats, Vinyl FLEXI-Roll® and FLEXI-Connect® Sport Mats and Yoga/Pilates Flooring. The product will be fully covered for all five years from manufacturing defects under normal use. The warranty does not cover damage due to miss-use and/or neglect.
- **3-year limited warranty** for Carpet Mats-Standard Non-FLEXI-Roll®, FLEXI-Roll® and FLEXI-Connect®. The product will be fully covered for all three years from manufacturing defects under normal use.
- **1-year limited warranty** for Home Mats-FLEXI-Roll® and FLEXI-Connect®, Wall Pads, Pole Pads and Landing Pads. The product will be fully covered for the first year.

Slight color / shade / texture variances are common for Vinyl, Carpet and Swain Mats and will not be covered under warranty claims. In the event that a customer has a perceived non-matching color, shade or texture variance, Dollamur will make every effort to resolve. The Dollamur Limited Warranty is non-transferable. The warranty period starts from the ship date of the product.

## FLEXI-Roll® Setup, Care and Handling

Thank you for purchasing a Dollamur Mat. We appreciate your business and value you as a customer. Please read all instructions carefully and follow all handling guidelines for proper setup, removal and storage. Please contact your sales representative or Customer Service if you have any questions.

### Proper Handling

-  If rolling a strapped mat to a storage area, turn the mat so that you continue rolling the same direction the FLEXI-Roll was rolled up.

- A two-wheeled dolly is an easy way to transport rolls.

## FLEXI-Roll® Setup Guidelines

**1** Take care in removing packaging from each roll. Using a sharp object such as a utility knife can damage mat if it cuts through packaging material. Once the outer packaging has been carefully removed from each roll, the mats should be placed on their side (fig. 1).

**2** Unfasten the straps around the mat (fig. 2). Store straps for future use. **DO NOT** discard.

**3** Unroll the mats so that the carpet side is now facing up (fig. 3). Notice the way the mats are rolled, carpet side facing in. This is how the mats should be rolled for storage and transport.

**4** Once all of the rolls have been rolled out, push them together to form one large mat surface (fig. 4). **DO NOT** kick the edge of the rolls to position them.

## FLEXI-Roll<sup>®</sup> Setup Guidelines

**5** Always grab the edge of the roll with your hands and push it into place slowly to avoid damaging the edges of the mat (fig. 5).

**6** After the individual rolls have been lined up side by side, eliminating any gaps, center Dollamur Hook & Loop Mat Fastener over each seam (fig. 6) and secure it firmly to the carpet.

## FLEXI-Roll<sup>®</sup> Storage Guidelines

**1** Remove all hook & loop. Roll the mats back up, carpet side in. Begin rolling by folding one section over to form a triangle (fig. 7). Make sure to keep the mat tight.

**2** Keep the edges square (fig. 8). Avoid coning of the roll by moving slowly as the mat is rolled.

## FLEXI-Roll<sup>®</sup> Storage Guidelines

### Storage Guidelines (cont.)

**3** Affix straps approximately 18 inches from the edges of the mat. Roll the mat until it is in the middle of the straps (fig. 9).

Fig. 9

**4** You can now secure the straps around the mat (fig. 10). If rolling to a storage area, turn the roll so that you continue rolling the same direction the FLEXI-Roll was rolled up. See Page 4 for proper handling.

Fig. 10

**5** If coning does occur, stand the mat up on end (fig.11). Make sure the straps are secured before standing the mat on end.

Fig. 11

**6** Shake the mat gently back and forth until its edges line up (fig. 12).

Fig. 12

## FLEXI-Roll® Accessories
